November 2023

Message from the Chief Community Management Officer

Dear residents,

It is the most awaited time of the year, and we are thrilled to share this fall edition that's packed with wonderful news, tips, service introductions, and plenty more that's abuzz in your neighbourhood.

We are in the midst of the festive season, so keep an eye out for our feature on safe celebrations at home. The weather also brings with it some unwelcome pests and we've got you covered with handy tips on braving the mosquito menace.

If you've been decluttering your home ahead of the new year, there's good news with our article on recycling household items. Don't forget to also cash in on ways to make your home energy efficient with tips in our TLC section.

Our refreshed and sleek NCM website – nakheelcommunities.com is ready for you to explore in December. As part of our digital strides, we have now made it easier for you to book a community facility on Nakheel Online Services and My Nakheel. Do use this opportunity to make the most of your amenities with your family and loved ones.

I'm happy to share that we hosted a successful NCM Service Excellence Awards 2023 that celebrated the efforts of top-performing service providers who exhibited unparalleled commitment to service excellence within our residential communities. These awards were a platform to highlight their exceptional performance and to continue inspiring a culture of excellence.

From a community management company's perspective, these past months have been triumphant with our flagship development – Palm Jumeirah receiving the BSI Kitemark certification, our recent MoU to increase green mobility opportunities within our communities, multiple victories at industry forums, including winning the title of the Happiest Community for MBR City District One.

Our recent donation drive Tarahum for Gaza in collaboration with Emirates Red Crescent, was our effort to help those in need with relief packages. We want to thank all community residents who participated and contributed to the drive.

We look forward to your continued support in 2024. Till then, don't forget to follow us on our social media channels.

From all of us at NCM, I wish you and your loved ones a bright and happy new year.

Francis Giani

Your Community Updates

Your community is continually being maintained and enhanced to make it an even better place to live and visit. Here's a quick look at the last quarter's highlights.

Airconditioning Upkeep

The facilities management teams performed routine maintenance on the buildings' fresh air handling units (FAHU) and recently replaced the filters with newer installations. Condenser coils were checked for refrigerant leaks and underwent a round of deep cleaning, to optimize the efficiency of the air-conditioning systems.

Thorough inspections were also carried out to check for signs of wear and tear on connected belts and pulleys, and checks were conducted to ensure that parts were in proper working order.

These scheduled maintenance activities are key to ensuring that we maintain good indoor air quality and consistent air-conditioning in the building for its occupants.

Restoring Hues

Marina Residences 5's staircases were the latest recipients of a beautiful bright makeover. The walls of these hardworking surfaces on all floors were given a coat of fresh paint for a neat, clean and fresh look. With daily foot traffic, scuff marks and wear and tear from constant use, the careful prep and painting activities have transformed this practical space into a crisp and modern feature of the tower.

Not only does this add an extra layer of value to the building, but it also paints a pretty picture for those who frequently use them.

Refreshed Corridor Gateways

The doors in the building common areas have a lot to contend with, from everyday knocks, bumps, scratches, hand-prints and more.

As part of our efforts to preserve their structure and appearance, our maintenance teams carried out water-based wood refinishing treatment. This involved a fresh coat of paint, followed by a superior quality finish that ensures that these doors located at lift lobbies remain durable, with good chemical resistance.

This vibrant finish brings a new lease of life to the corridors on each floor and creates a cleaner and more spotless atmosphere for residents and visitors alike.

Elevator Enhancements

The smooth functioning of your building and its assets is an important part of ensuring that residents are taken care of well. As part of our preventive and predictive maintenance regimes, our teams regularly run a series of audits and inspections to check the workability and shelf life of essential parts or machinery.

Marina Residences 4's Elevator 4 was the latest recipient of an upgrade with the installation of a new steel rope, after conducting a round of rigorous testing. With this replacement, the new, highly engineered rope offers improved extensibility, tension, sheave life, durability and strength – which are integral to the smooth and safe user experience in the elevator cars on a daily basis.

Sleek Steel Support

New and durable stainless-steel handrails were installed along the service corridors at Marina Residences, to provide users grip while they move up or down the ramp.

The long rails are a frequently used support, especially in helping residents or visitors with mobility difficulties with safe passage between levels because they improve balance and reduce the risk of accidents.

With its sleek and modern design, it seamlessly blends with the overall aesthetic of the corridor and enhances useability. In addition to this, its durable characteristics ensure its longevity and resistance to corrosion.

Beach Profiling to Enhance Coastal Beauty

Sedimented nutrients and human activity in the beach waters have affected the beach profile and sand quality in Palm Jumeirah beaches over a period of time. Add to this, environmental factors such as rain, tides and strong currents have taken a toll and impacted the community shoreline.

An extensive beach renewal campaign, which included rehabilitation and rockworks, was carried out at all the Fronds, Crescent, and the East Trunk, in coordination with the Nakheel Marine Engineering Department. Additionally, there was an extension of the breakers at Club Vista Mare and Palma Residences at the East Trunk.

How it happened

1.85 million cubic metres of sand was dredged, sieved onboard, and transported from offshore underwater reserves in Deira, to nourish 56 kilometres of beaches. A massive taskforce, 50 marine and land-based equipment coupled with satellite mapping have seen these works to fruition.

New Digital Services Alert

Your community services are moving online, and we are making it easier for you to place a request from anywhere and at any time.

Visit **My Nakheel mobile app** or **Nakheel Online Services** and apply for your provisional service charges or book your multi-function hall for a private family event.

It is now easier than ever and at the simple click of a button.

Apply Online for Your Provisional Service Charges

1. Log in to **MY NAKHEEL mobile app** or **onlineservices.nakheel.com**.

2. Under **OTHER SERVICES**, select **REQUEST FOR PROVISIONAL SERVICE CHARGES**.

3. Fill out your form with the requested documents to submit your request.

4. Receive a link for payment via email.

NOTE: It is mandatory to settle all outstanding community usage charges before resale of properties. This includes unbilled usage charges for the respective quarter of the financial year.

Make a Facility Booking

1. Log in to **MY NAKHEEL mobile app** or **onlineservices.nakheel.com**.

2. Under **OTHER SERVICES**, in **OWNER/TENANT SERVICES**, select **Facility Booking**.

3. Fill out your form by selecting the preferred facility with the requested documents to submit your request.

4. Once approved, your security personnel/concierge will give you access to the facility.

NOTE: Contractors/event organisers assigned by residents for setup and decoration must seek a short-term access permit on **Nakheel Online Services** prior to commencing works.

Did you know?

Need to settle your community service charges? We are a chat away.

Reach us on our **WhatsApp number - 800 NAKHEEL** and our chatbot is happy to help you with your payment in just a few simple clicks.

Your Community Events

LiveWell with NAKHEEL

Our July edition celebrated happiness and well-being with functional practitioner Dr Nas Al Jafari, motivational speaker Asma Baker and entrepreneur Abdulla Lutfi covered the philosophical and physiological viewpoints on happiness and its role in health and well-being. The event was held on 29 July at IL Passaggio in Jumeirah Park.

Meanwhile, our August event at The Coterie, Ibn Batuta Mall shed light on pain management with lifestyle coach Irina Sharma and osteopath Youssef Youssef educating participants on preventing joint pains, improving posture in addition to choosing the right exercises. A morning movement session by Coach MJ was the perfect start to the self-care Saturday with attendees exploring the right type of stretches to help regain lost movement.

Here is a glimpse of our speakers, sessions, audience interactions, and highlights.

Stay tuned to our updates on www.livewell.nakheelcommunities.com.

Till then, live well.

Nakheel, Home of Netball: Season 2

Nakheel Community Management's partnership with the Emirates Dubai 7s enters its second year and we are getting ready to cheer the netball teams battling it out at The Sevens Stadium.

Netball is one of the several sports played at the Emirates 7s among various divisions and international teams in addition to plenty of entertainment, from 01 to 03 December 2023. As the presenting partner, Nakheel invites residents to the biggest sports and entertainment festival with a vast spectrum of music performances and family-friendly fun across three dedicated zones.

Mark your calendars and book your tickets for 01 December 2023 aka 'Family Friday', with sporting masterclasses on offer for kids, endless attractions and interactive setups amongst much, much more.

For more details, visit <https://dubairugby7s.com/>.

Stay glued to our social media channels and stand a chance to win tickets to the Emirates 7s.

Tarahum for Gaza

NCM organised a donation drive in collaboration with Emirates Red Crescent, aimed at providing relief to those affected in the Gaza strip. The humanitarian initiative took off at seven locations across Nakheel communities and invited residents to donate clothes, blankets, shoes, hygiene products, non-perishable food, lights and tents as part of relief packages to support those in need. Here are a few glimpses from the drive.

SAFEstivities For All

Ahead of the holiday season, here is a safety checklist to ensure that your celebrations remain merry and bright for your family and your visitors.

ELECTRICAL SAFETY

- ✔ Check old light fittings for damaged sockets or frayed/bare wires.
- ✔ Purchase certified materials with the CE marking to ensure safety compliance.

OPEN FLAMES

- ✔ Burning candles, lamps and lanterns must never be left unattended and kept away from furniture, bedding, and curtains.
- ✔ Ensure these are kept on a stable surface and cannot be knocked over easily. Keep them out of reach of children and pets.

PEDESTRIAN SAFETY

- ✔ When crossing streets, use pedestrian crossings and follow traffic signals.
- ✔ Use sidewalks or pathways without obstructing the roads.

ROAD SAFETY

- ✔ Drive safely within the community speed limits and in the event of heavy pedestrian traffic, slow down for safe passage.
- ✔ Young adults and children may move in unpredictable ways. Keep headlights on for a better watch of pedestrians from far distances.

For a comprehensive list of guidelines on decorations and festive celebrations, browse through www.nakheelcommunities.com for the Community Rules.

Responsible Waste Disposal

More than half your household waste can be recycled and put to better use in another process. Here is a breakdown of what you can do with certain everyday items.

General Recyclables (paper, plastic and cans)

Your community is equipped with multi-stream coloured recycling bins in common areas or at frequented amenities. Remember to only dispose of items that are clean and dry.

Electronics

Give your old cameras, music systems or televisions a new lease of life. Contact your community waste management service provider, or one of our partners **Averda (04 449 7500)**, **Imdaad (800 8200)** or even **Dubai Municipality (800 900)** for assistance. Established city hardware stores too accept old electronics (and batteries) as part of their e-cycling programme.

Used cooking oil

Fats disposed of in kitchen drains can cause damage to drainage systems and lead to blocks and flooded sewers. Reach out to our waste management partners such as **Averda (04 449 7500)** which collect used cooking oil and transforms it into biodiesel.

Clothing

Declutter and donate your preloved garments, footwear and accessories at your nearest community donation drop box. They can be passed around and used for a rather long time by someone else. Stay tuned to NCM's annual donation drive if you would like to make a difference to others in need.

Adopt a recycling habit to spruce up your living space and make a difference to the planet with safe and responsible waste disposal practices.

Controlling Strays, The Humane Way

Responsible pet ownership and community participation are two important pillars in maintaining a safe and caring environment.

NCM is dedicated to maintaining ecological and residential harmony within our communities and our ongoing stray cat Trap-Neuter-Return (TNR) programme is an example of our commitment.

The TNR programme is an effective method of humanely managing stray cat populations and is not aimed at unnecessarily trapping or harming domesticated, neutered, microchipped or collared pets. Our approach highlights our collective respect for animal welfare by ensuring a cared-for and supervised cat population within the community.

What you can do

Register and microchip your pet cats with local authorities to help in easy identification and safe return, in case they get lost.

Regularly vaccinate your cats to protect them from diseases, ensuring they are healthy and reducing risks to other pets and strays. Ensure vet records are kept up to date.

Educate your family and community friends about the importance of the TNR programme, fostering a community-wide ethos of care and respect for animal welfare.

Beat the Bite

The onset of the cooler months brings with it the menace of mosquitoes. But with a little extra care and prevention, you can make the most of these delightful months ahead without an itch.

Clean and clear

Mozzies are drawn to stagnant water and exposed food. Avoid leaving out dirty containers or bird/pet food with uncovered food or water. Clear out any leaks in taps, drain holes and water pools in potted plants, flowerbeds, dense shrubbery and lawn grass.

Screen out

A thin netting/screen on windows and doors is a good way to prevent their entry into your home. Keep them closed without the slightest gaps.

Car care

Keep your car park bay, vehicle's exteriors and interiors clean to reduce the chances of mosquitoes entering your car. Car carpets, floor mats and synthetic-leather seat covers commonly attract pests.

Natural remedies

A spritz of lavender oil in humid places like under the sink, in closets, under the furniture or your laundry room can also keep these bugs away. Burning coffee grounds is a helpful trick too.

Increase Your Home's Energy Efficiency

It is never too late to start adopting energy-saving habits in our own home. Especially if they bring down our carbon footprint and energy bills. Read on to explore simple yet effective practices that can make a big difference.

REFRIGERATION

- ▶ Maintain refrigerators at 4°C and freezers at -10°C and install them at least 10 cm away from walls/items for air circulation, reduced energy consumption and better efficiency.
- ▶ Let freshly cooked food cool down first before putting it in the fridge.
- ▶ Keep your freezer as full as possible so it uses less power to keep the contents frozen.

KITCHEN SAVINGS

- ▶ Using electric fry pans, toaster ovens and small cooking appliances can save energy.
- ▶ Use lids when cooking to retain heat and match the pot size to the burner to avoid energy wastage.
- ▶ Preheat the oven five to eight minutes when baking and turn it off five to ten minutes before the time is up.
- ▶ Try using high-pressure cookers. They consume less energy compared to normal cookers.

COOLING APPLIANCES

- ▶ Keep thermostats at 24°C or on “auto”. This saves up to 9 percent cooling cost.
- ▶ AC airflow can be obstructed by clogged or unclean filters. Cleaning them monthly is advised.
- ▶ Installing a fan can help you save money on your air conditioning bill, while keeping you cool.

LAUNDRY

- ▶ Keep a full load of laundry to save electricity and water at the same time.
- ▶ Invest in an energy-efficient washing machine – you can save 27 gallons of water per load.
- ▶ Washing darker-coloured items? DEWA recommends using cold water to preserve the colours and save energy consumption.
- ▶ Line drying your clothes consumes less energy and results in less expenditure.

APPLIANCE USE

- ▶ Limit using irons, washing machines, dishwashers, water heaters and electric ovens non-essential appliances between 12 PM and 6 PM.
- ▶ Unplug personal computers, mobile chargers and electronic devices when they are not in use.
- ▶ Use DEWA's 'Consumption Assessment Tool' to help you track your home's electricity consumption and make more sustainable decisions.
- ▶ Look for energy ratings on appliances before your purchase for long-term savings.

Refreshed, Modern Website

nakheelcommunities.com is headed your way in December with a contemporary, clean, and bold interface that promises browsers an informative, easy, visual and clutter-free digital experience of NCM's residential portfolio.

Glimpse through all our community events – past and the upcoming gatherings be it sports, social, sustainability-themed or cultural celebrations. Catch the news and corporate buzz in our Media Centre.

What's more - every community has a dedicated page with rules, amenities, team members, community offerings, event galleries, news, online services, FAQs and community office locations.

Come December, visit our website - nakheelcommunities.com to explore our new and revamped online experience.

SERVICE EXCELLENCE AWARDS

Honouring Excellence in Service Delivery

2023 has been an exciting year of many firsts. At the inaugural edition of the NCM Service Excellence Awards 2023, we recognised and honoured seventeen top-performing organisations supporting Nakheel's portfolio of residential communities.

Across five broad categories including Customer Service and Innovation, Health and Safety, Facilities Management, Sustainability, and Extra Mile, service providers highlighted their groundbreaking efforts in their respective disciplines, outstanding projects, and creative solutions.

In our Chief Community Management Officer's words, these awards embodied the spirit of collaboration and unwavering dedication of our unsung heroes because of whom our residential communities remain vibrant, safe, and are the happiest communities in Dubai.

Security Matters

Dubai Police recognised key members of the operations and security teams with gold medallions for their support towards Dubai Police initiatives and contributions towards their communities at a formal event held at Atlantis, the Palm.

The recognition was a part of the 'Your Voice is Heard' programme by the governing authority, which was a platform for residents to engage in an interactive question and answers session with the Dubai Police on matters of safety, community and more.

Great News to Share

A symbol of quality and safety

Our flagship project – Palm Jumeirah has been awarded the BSI Kite Mark certification for meeting the sustainable requirements of ISO 37106 standards for Smart and Sustainable Cities and Communities.

This makes it the first community in the Middle East to receive this honour, among 21 worldwide organisations to achieve this merit. BSI is one of the leading international organisations in the fields of international standardisation, systems assessment, certification for more than 120 years.

Building Health & Safety

With the recertification of WELL Health-Safety Rating for Facility Operations and Management for 365 buildings by the International WELL Building Institute (IWBI) for the second year in a row, NCM becomes the first community management company in the region with the achievement. This laurel comes in addition to our consistent record in getting our ISO re-certifications every year.

Sustainability-centered partnership

NCM signed a remarkable memorandum of understanding (MoU) with Emirates Telecommunication Group Company PJSC (Etisalat) with the aim of introducing more electric vehicle charging stations across Nakheel communities. The collaboration is aligned with the national initiative to increase green mobility while adding to the EV charging infrastructure and giving residents an opportunity to charge within the boundaries of their communities.

Industry recognition

Our recent laurels in regional forums and summits have been a testament to our commitment to the overall happiness and prosperity of our communities. NCM's organisational culture and core values have enabled us to put communities first and the rest as they say, is history.

The LiveWell with Nakheel initiative was recognised for its positive impact on residents and the wider community while MBR City District One stood out for being the city's happiest community.

Here are the titles NCM secured in the last few months:

	WINNER Community Management Company of the Year
	RUNNER UP Community Engagement Initiative of the Year

Smart Built Environment Awards

GOLD, Community Management Company of the Year
SILVER, Community Engagement Initiative of the Year for the initiative LiveWell with Nakheel

Customer Happiness Awards

GOLD, Customer Happiness Company of the Year
GOLD, Happiest Residential Community of the Year for Mohammed Bin Rashid Al Maktoum City District One

Road Safety Advisory

With safety and wellbeing remaining our priority, we've teamed up with the Roads and Transport Authority (RTA) for a series of initiatives to remind, educate and enlighten residents on all things road safety.

The campaigns include motorist, pedestrian, and e-scooter safety, with handy tips on keeping our roads and people safe. RTA will also join us at some of our community events this year to provide guidance and advice to all road-users.

أبعد المركبة المعطلة عن الطريق لسلامة الجميع

حافظ على سلامتك وسلامة الآخرين عبر إيقاف مركبتك بالشكل الصحيح

Keep the broken down vehicle off the road for the safety of everyone

Ensure the safety of you and others by parking correctly

**These treats
make the perfect
gift this festive
season.
For all ages.**

Holly Jolly Cakesicles

The festivities can never be complete without the quintessential yum factor. With a steady trickle of families, children, grandparents and neighbours this holiday season, you don't need to look too far.

Let's thank our fab resident Claudia who comes to our rescue with this cakesicle recipe that's sure to make everyone asking for a second serving of this frosty treat.

Dry Ingredients

Cake flour 140 gms
Baking powder 6 gms
Salt 2.5 gms
White sugar 40 gms

Wet Ingredients

Oil 55 gms
Vanilla flavour 20 gms
Egg yolks 4
Water 120 gms

Meringue

Egg whites 4
White sugar 50 gms
Cream of tartar a pinch

Method

- ▶ Bake the cake using the dry and wet ingredients at 170 degrees celsius for 45 minutes.
- ▶ Crumble the cake into fine crumbs using a food processor.
- ▶ Shape the mixture into popsicle shapes inserting a stick into each.
- ▶ Place the cakesicles on a parchment-lined tray and refrigerate to firm it up.

Now comes the creative part – dipping and decorating your cakesicles.

- ▶ Melt white chocolate in a microwave-safe bowl at 30 seconds interval until smooth.
- ▶ Dip each chilled cakesicle into melted chocolate, swirling them to coat evenly. Let excess chocolate drip off before adding decorations.
- ▶ Freeze for about 15 minutes until chocolate sets.

Nakheel Community Management

Our primary objective is to manage and maintain the wellbeing of your community. As such, we provide a broad spectrum of comprehensive management services.
